

LIST OF TABLES

Table No.	Table Caption	Page
1.1	Comparison of cryptography, watermarking, and steganography	2
2.1	Transformation $2n \leftrightarrow 2n+1$ (possible)	12
2.2	Transformation $2n \leftrightarrow 2n-1$ (not possible)	13
2.3	Khodaei and Faez's Range table 1 (type 1)	20
2.4	Khodaei and Faez's Range table 1 (type 2)	20
2.5	Jung's Range table	22
2.6	Wang et al.'s Range table	23
2.7	Un-used blocks in Luo et al.'s [9] APVD technique to hide 140,000 bits of data	27
3.1	Range Table for proposed QVD+PVC technique	30
3.2	Results of the proposed QVD+PVC scheme	45
3.3	Results of Pradhan et al.'s PVD [79] and Swain's QVD technique [80]	46
3.4	Results for Khodaei & Faez's technique [68]	46
3.5	Results of the Jung's technique [73]	47
3.6	Comparison of results	47
3.7	Capacity vs PSNR for various images in the proposed scheme	48
4.1	Estimated PSNR, HC, QI, and BPB values for the proposed technique when 1,40,000 (one lakh and forty thousand) bits are concealed	64
4.2	Estimated PSNR, HC, QI, and BPB of the proposed technique values when 7,00,000 (seven lakhs) bits are concealed	64
4.3	Comparison of Estimated PSNR, HC, QI, and BPB values with existing APVD techniques when 1,40,000 (one lakh and forty thousand) bits are camouflaged	65
4.4	Comparison of Estimated PSNR, HC, QI, and BPB values with the existing PVD/QVD techniques when 7,00,000 (seven lakhs) bits of data is hidden	66
4.5	Comparison with the quantum-based techniques	67
4.6	Capacity vs PSNR for various images in the proposed RR, AQVD	68

and QVC technique

5.1	Number of differences and average difference in 1D PDH, 2D PDH, 3D PDH, 5D PDH, and 8D PDH when applied over OIs	100
5.2	Number of differences and average difference in 1D PDH, 2D PDH, 3D PDH, 5D PDH, and 8D PDH when applied over SIs of 1D PVD	100
5.3	Number of differences and average difference in 1D PDH, 2D PDH, 3D PDH, 5D PDH, and 8D PDH when applied over SIs of 2D PVD	101
5.4	Number of differences and average difference in 1D PDH, 2D PDH, 3D PDH, 5D PDH, and 8D PDH when applied over SIs of 3D PVD	102
5.5	Number of differences and average difference in 1D PDH, 2D PDH, 3D PDH, 5D PDH, and 8D PDH when applied over SIs of 5D PVD	102
5.6	Number of differences and average difference in 1D PDH, 2D PDH, 3D PDH, 5D PDH, and 8D PDH when applied over SIs of 8D PVD	103
